Safari Park Bus Trip

Name of Assessment Project: Safari Park Bus Trip

Name(s) of Person(s) Responsible for Assessment Project:
Out of State and International Student Outreach Coordinator (Shawn Fore)

Email Address: sfore@ucsd.edu
Phone Number: (858) 822-6978

Other Contacts:
Providing Department: Sixth College

Units/Departments Involved in Assessment Project:

Department Overview:
As the number of out-of-state and international students increases, UC San Diego has adopted new initiatives to meet the unique needs of these student populations and increase student satisfaction. The Outreach Coordinator Department works in the colleges to assist non-resident students with transition to UC San Diego and helps these students get acclimated to campus life and California culture. The focus is on international and out-of-state students, but Coordinators also outreach to California students as well to create campus community and give students the opportunity to meet others from diverse cultures and backgrounds.

Program, Service, or Event Related to Assessment Project:

What program, service, or event was assessed? Keep in mind, the reader may not be familiar with the program, service, or event, so providing context may be helpful.

International and out-of-state students come to UC San Diego to obtain an esteemed degree, but it can be overwhelming to come to a new environment and culture. It can be difficult for students to get acclimated to the community without knowing where to travel or having a means of transportation. The Outreach Coordinators implemented a Safari Park Bus Trip to allow non-resident students the opportunity to explore San Diego.

The Safari Park Bus Trip transported students from UC San Diego to the San Diego Safari Park to allow students the chance to explore the park. The purpose of the trip was to create community and expose students to some of San Diego’s best attractions for a discounted price.

Assessment Project Description:
The objective of this assessment was to compile a comprehensive satisfaction review and value of students attending the Safari Park Bus Trip. Students were given the opportunity to anonymously express their satisfaction with the Safari Park Bus Trip event. The evaluation requested demographic information of student, satisfaction rating, and free response from students on what they liked/did not like from event. The Outreach Coordinators distributed hardcopies of the assessment instrument at the end of the trip to the Safari Park. Data from all paper assessment were uploaded manually to Excel. The results of this assessment were used to determine the value of bus excursions within the community and to make improvements to the program for the upcoming quarters.

The main purpose of the assessment project was to assess:

- Number of participants attending the event
- Benefit of participation in event (increase in knowledge and/or sense of belonging to UCSD)
- If students would attend other similar workshop-related events in the future
- If program/event allowed students to connect with other students from their home state, country, or region

Unit/Program Specific Goals and Learning Outcomes:
As a result of participating in the Safari Park Bus Trip, students will be able to:

- Report an increase in their sense of belonging to UC San Diego
- Discover San Diego by exploring areas outside of UC San Diego
- Identify an increase in knowledge of the San Diego area
- Connect with other students from their home state, country, or region or a California student

Relationship to Student Affairs:
Advance a Plan for Personal, Academic, and Professional Success, Engage in a Healthy Lifestyle
Learning Outcomes:  
Assessment Project Start: 4/19/2014  
Assessment Project End: 4/19/2014  
Population/Sample: 55 students attended the Safari Park Bus Trip. 50 attendees completed the assessment providing a 91% response rate. Participants consisted of a range of residency statuses – out-of-state students, international students, and California resident students. All UC San Diego colleges and all levels of the student body were represented.

Total Students Served: 55  
# of International Students Served: 23  
# of Out-Of-State Students Served: 3  
# of California Students Served: 24  
Type of Assessment: Satisfaction study  
Assessment Methods: Surveys  
Data Collection Tools: Hard-copies of the survey were distributed at the end of the Safari Park Bus Trip by the Outreach Coordinators. Students were given the opportunity to anonymously express their satisfaction with the Safari Park Bus Trip event. The evaluation requested demographic information of student, satisfaction rating, and free response from students on what they liked/did not like from event.

Data Analysis Methods: Presentation of Findings: The results of this assessment were used by the Outreach Coordinators to analyze the benefit of offering bus excursions around San Diego for students and to improve bus trip programs for the following quarter based on student feedback. Assessment results were also shared with the Non-Resident Student Engagement (NRSE) committee.  
Progress: 100%  
Link Assessment Project in Campus Labs Baseline: No items to display.

Summary of Findings: The main purpose of the Safari Park Bus Trip assessment project was to assess the following. The data provided the following results:

- Participant demographic information
  - 55 student participants
    - 46% of attendees were International students  
    - 6% of attendees were Out-Of-State students  
    - 48% of attendees were California resident students  
  - Students attended from all 6 colleges  
  - Students from every grade level represented  
- Benefit of participation in event (increase in knowledge and/or sense of belonging to UCSD)
  - 86% of participants agree or strongly agree they gained an increase in knowledge of the San Diego area  
  - 72% of participants reported an increase in their sense of belonging to UCSD  
- If students would attend other similar workshop-related events in the future
  - 92% of participants were satisfied (or higher) with event  
  - 92% of participants stated they would attend a similar bus excursion event  
- If program/event allowed students to connect with other students from their home state, country, or region
  - 50% of participants were able to connect with other California resident students  
  - 52% of participants were able to connect with other international students  
  - 22% of participants were able to connect with other California resident students  

In addition to findings directly correlated with learning outcomes, the assessment also illustrated the following results:

- 28% of participants agreed the tram ride and the animals were the best part of the Safari Park Bus Trip  
- 38% of students heard about the Safari Park Bus Trip via email and 34% of students heard about the Safari Park Bus Trip through a friend  

Student suggestions of other places in San Diego to explore:
Student Feedback/Comments:

- Awesome event!
- Friendly staff; Organized
- Great time!
- Low cost was great!
- Organization can be improved
- Time was too short
- Very Fun!
- Waited too long to leave

Impact of Assessment:

The assessment results were viewed by the Outreach Coordinators for analysis. Assessment results were also shared with the Non-Resident Student Engagement (NRSE) committee. The findings were used to:

- Improve the bus excursion programs for the following quarter based on student feedback
- Increase awareness and advertising of bus excursions among international and out-of-state students to increase participation and knowledge of requirements

Lessons Learned:

The assessment results identified key findings of student satisfaction, benefit of participation in event, and student interest in attending similar events in the future. The assessment had a high response rate and provided valuable insight into student’s perception of the bus excursions and where students would like to explore. At future bus excursion trips, the Outreach Coordinators plan to incorporate a component of the event that is dedicated to talking about San Diego (ie: things to do, ways to get involved, places to eat, etc.) so that non-resident students feel engaged within the community outside of UC San Diego. Overall, this event provided non-resident students the opportunity to explore San Diego while engaging with other non-resident and California students. The Outreach Coordinators will continue to offer bus excursions since students reported high satisfaction levels. Surveys will be implemented for future bus excursion events and compared with these existing findings.
