A Note about CIRP Constructs

We use the CIRP Constructs throughout this PowerPoint to help summarize important information about UCSD students from the YFCY.

Constructs

Constructs statistically aggregate the results from CIRP questions that tap into key aspects of the college experience. They focus on student traits and institutional practices contributing to students' academic and social development.

Longitudinal Constructs

Constructs that are included in the CIRP TFS and YFCY that measure change in the UCSD student population over time.
